Thank you. After our chat this morning, I wrote the owner of the business and asked him to expedite your refund today. He has already agreed to refund you. I am hoping he follows through ASAP and I will notify you of any progress.

Good Afternoon,

7/15/2020

I appreciate you reaching out to me today in resolving this ongoing issue with Your Mechanic. Your Mechanic had been uncooperative with me for 6 months maliciously. I have to put my foot down and I want Your Mechanic to provide something in writing as they are saying one thing to Capital one bank, BBB and I. I am finding them not to be a truthful organization and I need them to stop deceptive practices with Captial one and I am thinking about going to file further investigative complaints against them. I am disabled and I don't have time and the patience to no longer play their game

it has been 6 months. I believe I suffered enough with Your Mechanic and their deceptive practices. I am asking for immediate relief.

Thanks,

I appreciate your cooperation in these matters.

Sincerely,

Merceda Gooding, MPA
