Dear Bill:

I don't know if you are on vacation, out of town on business, or have a family emergency, but there is no out-of-office message on your business phone line. I've tried various methods to reach you, but I am not receiving responses.

I would appreciate a good ship date and bill of lading number for the carb, oil cooler, intake, and exhaust manifolds, please.

You may reach me during the day at [redacted] or in the evenings until 11 p.m. MST at

Sincerely,

Stephen M. Eastham
